

Update on AGP Limits Policy Implementation

- Policy in effect for nine months
- Domain tasting – reduced by 99.7%
- Exemptions for Extraordinary Circumstances – nine requests
- 66% of requests cite fraud as basis
- Fraud-based requests have been denied

AGP Limits Policy – Possible Next Steps

- GNSO resolution calls for possible next steps
- Are future modifications necessary and/or appropriate given:
 - registrar complaints
 - potential benefits of AGP re: fraud
- Should the GNSO consider defining:
 - extraordinary circumstances
 - reoccur regularly
