- 2 Column 2 contains translations of the Formal Name into the UN6
- 3 Column 3 identifies the language used in the translation of column 2 names

national_societies_v2

- 0 Column 0 Count of the Formal Name
- 1 Column 1 contains the Official National Society society name for grouping purposes
- 2 Column 2 contains Official and Common names of their respective National Society group in English
- 3 Columns 3 through 7 contains Official and Common name translation of their respective National Society in the national language(s)*
- 4 Column 7 identifies the language used in the translation of columns 3 thru 7
- 5 Column 8 comments mostly for English translations that will not be reserved in English, but documents for reconciliation purposes
- 6 Columns 9-14 char counts of strings in Columns 2-7
 - * where a field is blank in column 2, but a translated string exists in columns 3 7 represents that no English translation existed for the Commonly used name

Intent is to list identifiers as human readable form for conversion to DNS labels usable for reservation "-" will be removed because the DNS label generator adds them as a part of its ruleset

Tabs colored in black are prior versions of the definitive list.
