PROFESSIONAL EXPERIENCE

Virtual General Counsel, Cognition LLP, Ottawa, ON

2007 - Present

Provision of senior legal counsel services to various companies ranging from software development, hardware development, telecommunications, financing, and commercial food processing and close working relationship with senior management.

Key Projects & Achievements:

- Led a division of a large legal department to transition from a fragmented and outdated environment to a functional and streamlined division.
- Developed and managed various legal reviews of mid-sized companies' corporate and business structures and processes and developed client specific policies, procedures, and legal templates.
- Led numerous negotiations ranging in value from around \$50,000 to well over \$200 million and negotiated and/or drafted the resulting contracts.
- Developed new and improved standard legal templates in various areas including service, non-competition, non-disclosure, non-competition, distribution, partnership, sales, consulting, employment, and numerous other transactional templates for various large to mid-sized clients in several different industries.
- Drafted, negotiated, and advised in various areas of the law including: M&A; corporate governance; leasing; corporate financing; telecommunications; venture capital; banking; general corporate and commercial; human resources; IP; privacy; and regulatory in consumer protection, competition, securities, telecommunications, and franchise.

General Counsel, Director of Policy, Corporate Secretary, and CPO, CIRA, Ottawa, ON

2002 –2007

Member of the senior management team charged with the management and development of the 14-member legal, compliance, and policy/regulatory departments.

Key Projects & Achievements:

- Re-drafting, shortening, and simplifying all of the legal procedures and documentation of the organization to improve the service level to the stakeholders of the department and the organization.
- Reduced external and operational costs by streamlining all of the business processes within the organization.

- Developed and managed the implementation of two corporate governance reforms which included the restructuring of the board of directors and membership eligibility and the redesigning of the entire online election process for the board of directors.
- Developed and implemented sensitive national Internet regulations.
- Developed standard licensing, procurement, distribution, partnership, sales, consulting, employment, and general transactional templates for all internal departments.
- Managed the provision of all legal and policy services to all internal departments ranging from IT, marketing and communications, finance, human resources, operations, and the board.
- Managed all international transactions including IP licensing, distribution, and confidentiality/non-competition arrangements

Associate, Bowley Cuffari, Ottawa, ON

2001-2002
