Subject: Proposed Amendment to the State of New South Wales' Registry-Registrar Agreement

Dear Ms Papac,

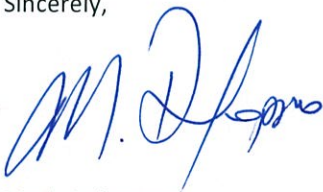

Pursuant to clause 2.9(a) of the Registry Agreement executed between ICANN and the State of New South Wales, the State of New South Wales requests approval to make changes to its Registry-Registrar Agreement. The changes being sought are to:

1. update contact details;
2. clarify the order of precedence in the event of inconsistencies between the provisions of the Registry-Registrar Agreement and the published policies;
3. remove ambiguity in relation to premium name pricing by removing redundant text; and
4. resolve minor typographical errors.

The State of New South Wales respectfully requests prompt review and approval in accordance with the procedures found at: <https://www.icann.org/en/system/files/files/rra-amendment-procedure-25aug11-en.pdf>. In compliance with these procedures, we have attached a 'redline' version showing the proposed changes to its current form of Registry Registrar Agreement.

We look forward to receiving ICANN's response as prescribed by the review and approval procedures. Should you have any questions or require further information, please do not hesitate to contact me directly.

Sincerely,

A handwritten signature in blue ink, appearing to read 'M. Delzoppo'.
