Threshold Questions for IRT

Org's Threshold Questions for IRT

1. Are there any policy questions or items IRT already wants to bring to Council for guidance?
2. Can an implementation model without a formal accreditation program remain consistent with policy recommendations?
3. Are there specific areas to revisit under new law/policy (org to share assessment, IRT to review)?
4. Can these frameworks be aligned with existing work on RDRS, Registration Data Policy, etc. and remain consistent with policy recommendations?
