The applicant took part in the June 2010 election that passed the NCSG charter. Currently applications are invited from members to apply to be review team members and with my background it is hope I will be considered for the position of a Volunteer Member on the Security, Stability and Resiliency of the DNS Review Team.

- 8) A one to two paragraph statement about the applicant's specialized technical or other expertise of direct relevance to the responsibilities of the review team in question.

The applicant is a Telecom engineer with over thirty years' experience in the telecomm industry. I have attended several training programs, the last was in April 2009, in US which was a program organized by USTTI for 5 weeks, for which 5 working days were devoted to cyber security and some of the topics treated included 1) deterring cybercrime, 2) formulating a national strategy for cyber security and 3) fostering national culture of cyber security.

In October 2009 I had the opportunity again to attend ICANN meeting for the first time as a fellow in Seoul and during the meeting because of my interest in security of the internet, I

attended meetings that dealt with security of the internet which included DNS abuse forum and a workshop on DNS security.
