

Incident Response Implementation Working Group in Singapore

23 June 2011

Attendees:

Luis Diego Espinoza, .cr
Wim Degezelle, CENTR (observer)
Mohamed Ibrahim, .so
Antoinette Johnson, .vi
Hitoshi Saito, .jp

ICANN Support Staff:

Bart Boswinkel
Kristina Nordström
Gabiella Schitteck

Apologies:

Zoran Vlah, .hr

- The group agreed to nominate Luis Diego Espinoza as Chair of the Working Group. Bart Boswinkel noted that he would forward the nomination to the ccNSO Council for approval.

ACTION: Bart Boswinkel to forward the nomination of Luis Diego Espinoza as IRI Working Group Chair to the ccNSO Council for approval.

- It was agreed that the next task for the Working Group would be to develop a Work Plan and a timeline.
- The main tasks of the group for the setup of the repository were identified as:

1. Define the details around the contact repository (content, access etc)
2. Identify cases when the contact repository could be used
3. Finding suitable models for funding, maintenance and governance of the contact repository

- It was agreed that the Working Group members would study the work of the Incident Response Working Group to get a good background of the tasks ahead.
- The group agreed to meet approximately once/month and to correspond on the email list in between the meetings.
- Luis Diego Espinoza pointed out that the work to maintain and update the contact information in the repository would be a huge task.

- The group agreed to have a face-to-face meeting in Dakar and Bart Boswinkel suggested that the group should produce a progress report or presentation for the meeting.
- The group agreed to aim for closure at the Costa Rica meeting in 2012.

The meeting closed.
