Accountability & Transparency Reviews
Community Consultation

Steve Crocker

Chair, ICANN Board of Directors

28 June 2012

Purpose of Today's Discussion:

- Review status of ATRT implementation

- Discuss results to date and the effect on ICANN's transparency & accountability

- Discuss potential focus and process changes for next ATRT review

Affirmation of Commitments (AoC)
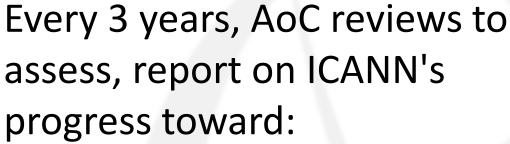

2009 Agreement U.S. DoC & ICANN

Reaffirmed ICANN independence, commitment to:

- Accountability, transparency, public interest

- DNS security, stability

- Competition, consumer trust/choice

- International participation

- Periodic community reviews, related activities

Periodic Community Reviews

Every 3 years, AoC reviews to assess, report on ICANN's progress toward:

1. Ensuring accountability, transparency
2. Preserving security, stability and resiliency of the DNS
3. Promoting competition, consumer trust, choice
4. WHOIS policy

ATRT – First AoC Review

27 Recommendations to enhance activities throughout ICANN:

- Governance, composition, performance of Board & review mechanisms for Board decisions.
