ccNSO DRD Working Group

- Nairobi Workshop:

  – To assist the WG understand issues and experiences of others in ccTLD delegations and redelegations

  – The WG will not get involved in any individual case of a delegation or redelegation, our work is focussed on the overarching policies and procedures

ccNSO-DRDWG - Background

- Is a Working Group established by ccNSO Council.

- Tasked to compare policies and guidelines with IANA procedures and discuss issues with ccNSO members

- Will report back to ccNSO on any aspects that may require a PDP.

ccNSO-DRDWG - Background

• WG will report back to ccNSO on 3 separate aspects over next year, starting with delegations, proceeding through retirements, and finally re-delegations.

• Already behind schedule as Delegations Report was due in Nairobi.

ccNSO-DRDWG - Background

- WG has commenced review of comparison of policies and guidelines, especially:
  - RFC 1591   (Postel)
  - ICP1   (ICANN)
  - GAC Principles   (GAC)

- To date, no perceived significant difference between these policies and guidelines

ccNSO-DRDWG - Background

• WG is currently researching ICANN decisions on Delegations, Retirements and Redelegations

• Next will compare alignment of decisions against policies and guidelines

ccNSO-DRDWG

• WG will be meeting twice during Nairobi meeting

• ccNSO session on Tuesday

• On agenda for joint GAC ccNSO session Tuesday
