## **GNSO Replacement Candidate for Second Security, Stability, and Resiliency of the DNS (SSR2) Review Team**

James Bladel, Donna Austin & Heather Forest  
GNSO Council Chairs

Cc: ICANN Multi-Stakeholder Strategy & Strategic Initiatives Staff

Dear Norm,

On behalf of the GNSO Council, congratulations on your selection as a member of the second Stability, Security and Resiliency Review Team (SSR-2 RT) replacing Emily Taylor following her resignation. The full text of the GNSO Council resolution nominating you for the SSR-2 RT can be found here: <https://gnso.icann.org/en/council/resolutions#201708>.

As a GNSO-nominated member of the SSR-2 RT, it is expected that you will represent the views of the entire GNSO community in your work on the SSR-2 RT, and provide regular feedback to the GNSO Council on the discussions taking place in the SSR-2 RT as well as on the positions being taken by the GNSO-nominated members. As such, we would like to request that you provide a regular written report to the Council, at least once quarterly. The GNSO policy support staff can advise you of the document deadlines for each Council meeting. We would like to also request that one of our GNSO nominees be available for the relevant Council meeting to answer questions from the Council and GNSO community if any questions are raised.

Thank you for volunteering your time toward this important review.

Sincerely,

*James Bladel (GNSO Chair)*

*Donna Austin (GNSO Vice-Chair, Contracted Parties House)*

*Heather Forrest (GNSO Vice-Chair, Non-Contracted Parties House)*
