Carlos Raul:heere

Carlos Raul:sorry, just lost the phone bridge

Michele Neylon:somebody has a really loud line

Marika Konings:Please remembr to mute your line when not speaking

Philip Corwin:What is all that background noise? Someone needs to mute

Marilia Maciel:No noise here, line sounds good.

Rubens Kuhl - RySG:No objection to sending the letter without a motion.

Amr Elsadr:@Rubens: +1

Rubens Kuhl - RySG:Marilia, at a call yesterday I was the only one not hearing noise... it was coming from my line. ;-)

Marilia Maciel:All on mute here :)

Rubens Kuhl - RySG:I was on mute...

Rubens Kuhl - RySG:... but before people disconnect at random, tech support should be able to pinpoint whose line it's coming from.

Paul McGrady -IPC:An example of how we can get stuff done together. Congrats all.

Stephanie Perrin:test

Nathalie Peregrine:reading you Stephanie

Amr Elsadr:Great. Thanks James.

Rubens Kuhl - RySG:There is an echo, though...

Terri Agnew:@Rubens, we are not hearing the echo. Would hyou like the opo dial out to you?

Rubens Kuhl - RySG:The echo occurred only when Stephanie Perrin was talking.

Nathalie Peregrine:The draft minutes of Part I were circulated to the Council list just befoe the start of this meeting

Julf Helsingius:And I heard that echo too

Rubens Kuhl - RySG:So it's likely to repeat when she talks again.

Keith Drazek (RySG):I don't hear an echo

Rubens Kuhl - RySG:Not you, James.

Amr Elsadr:No echo now. Just when Stephanie was speaking.

Michele Neylon:I think they're blaming Stephanie

Michele Neylon:tut tut

Amr Elsadr:And she doesn't even know it. We're mean.

Michele Neylon:Well I know I am :)

Heather Forrest:We need to update the Project list website

(https://urldefense.proofpoint.com/v2/url?u=https-3A_gnso.icann.org_en_council_project&d=DglFaQ&c=FmY1u3Pjp6wrcrwlI3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfqa0AIn-H4xR2EBk&m=JIQcY6rk9QcZnAvs7QljbvJstOeWCkX5PUB2qNAXwU9M&s=lweAjZ6-2mgYrNOMwpebQN9ItJ79qXofMqTyjxt5o2w&e=) which says 'Last updated 29 Sept"

Michele Neylon:+1

Marika Konings:@Heather - I had noticed that as well and IT is already looking into it. It should autmoatically update with the latest update.

Marika Konings:that should be latest update to the page :-)

Heather Forrest:I thought so - super vizarre

Heather Forrest:bizarre

Amr Elsadr:auction proceeds?

Amr Elsadr:On the CWG-Auctions Proceeds, looking forward to discussing what we may be doing with a potential 5th member from the GNSO.

Heather Forrest:Sorry, I wasn't there - shocking timing in my time zone.

Rubens Kuhl - RySG:Or possibly NCAs...

Amr Elsadr:May be worth considering the 5th member not being the GNSO-appointed co-chair.

Stephanie Perrin:test

Nathalie Peregrine:reading you Stephanie

Stephanie Perrin:test

Nathalie Peregrine:reading you Stephanie

Stephanie Perrin:thanks

Rubens Kuhl - RySG:I do take the amendment as friendly

Edward Morris:Correct

Amr Elsadr:@Heather: I'm sure there wasn't any harm intended. :)

Paul McGrady -IPC:It was the name of a movie, I think.

Amr Elsadr:@Paul: Yes..., it was!! :)

Stephanie Perrin:test

Susan Kawaguchi:Wine always helps

Marika Konings:@Stephanie - test received

Stefania Milan:test (too)

Stefania Milan:got out and now hopfuully back

Marika Konings:@Stefania - also received

Stefania Milan:

Stefania Milan:good

Heather Forrest:Well done everyone

Rafik:I will be happy to second

Berry Cobb:Need a 2nd, pls.

James Bladel:Thanks, Rafik. Noted.

Julie Hedlund:@James: Staff can confirm that a Webinar is feasible.

Julie Hedlund:Staff can plan it.

Heather Forrest:+1 webinar to get better informed on this complex issue

Heather Forrest:Let's do this properly and not rush

Stefania Milan:a webminar would be very helpful

Keith Drazek (RySG):+1 to a webinar and target vote on the 15th.

Amr Elsadr:Jen's been consistently doing a great job on this for a couple of years now. Only fair to recognize all the time she's put in to this on behalf of the GNSO.

Donna Austin, RySG:Fully agree Amr

Heather Forrest:Dropping off adobe now, will be on the bridge until approx 10 minutes before our scheduled end time

Marika Konings:And for those that cannot attend, it will be recorded and transcribed.

Michele Neylon:good

Julie Hedlund:@All: As James has noted, staff will schedule the Webinar for Thursday, 08 December at 1400 UTC.

Julie Hedlund:Invites will be sent shortly.

Paul McGrady -IPC:I request a defferal

Julie Hedlund:@All: Also note that this is coordinated with Jen's schedule.

Edward Morris:Fantastic idea Keith. +1

Amr Elsadr:@Keith: Sounds like you want to punish the next review team!! ;-)

Keith Drazek (RySG):Be careful what you volunteer for!

Amr Elsadr:Indeed!! :)

Keith Drazek (RySG):I do think we can/should make clear we expect the RDS-RT to ensure it is not overlapping unecessarily with other groups, rather, they complement other work streams.

Keith Drazek (RySG):I sent the text of the current bylaws on RDS Review to the Council list.

Paul McGrady -IPC:I think Keith's warning about the proliferation of groups looking at WHOIS is worth emphasizing.

Michele Neylon:Paul - and repeating again and again

Michele Neylon:ICANN != whois Wgs

Paul McGrady -IPC:+1 Michele

Amr Elsadr:@Keith: Certainly agree on the desirability to avoid any overlap.

Michele Neylon:the first time I spoke at an ICANN meeting was on whois

Michele Neylon:9 years later ..

Michele Neylon:we're still talking about whois

Rubens Kuhl - RySG:Groundhog WHOIS Day

Paul McGrady -IPC:Susan and Keith are superheroes.

Michele Neylon:Rubens - that is triggering a lot of images ..

Susan Kawaguchi:Michele you love to discuss WHOIS issues

Michele Neylon:Susan - pot calling kettle black :)

James Bladel:I'm back. Will raise my hand to hold Heather's place.
Donna Austin, RySG:this was shared by Marika earlier today on the Council list
Donna Austin, RySG:Aussies are always nice to one and another :-)
Cheryl Langdon-Orr (CLO):Obviously I was not speaking as your ALAC Liaison then but as the co-rapp on the WT of the CCWG
Cheryl Langdon-Orr (CLO):Sure Donna but let's not let the rest of the world and NZ know that!
Donna Austin, RySG:@Cheryl, was this request sent to all SG/Cs as well?
Cheryl Langdon-Orr (CLO):Donna it was sent by the Co-Chars of the CCWG to each AC and SO up to each of you to do as you wish from there
Donna Austin, RySG:Thanks Cheryl
Marika Konings:Correct, although the GNSO is not limited to those 9. You can also endorse others on the list.
Cheryl Langdon-Orr (CLO):the WS1 outcomes recommendations refer to both SO GNSO Council and GNSO rather interchangeably at times but our Wt is keen to get to the component parts in this *if* we can
Rubens Kuhl - RySG:For complete information, https://urldefense.proofpoint.com/v2/url?u=https-3A_community.icann.org_display_SSR_Applications-2Breceived&d=DgIFaQ&c=FmY1u3Pjp6wrcrwl3mSVzgfkbPSS6sJms7xcl4I5cM&r=DRa2dXAvSFpClgmkXhFzL7ar9Qfqa0Algn-H4xR2EBk&m=JIQcY6rk9QcZnAvs7QlbyJstOeWCKX5PUB2qNAXwU9M&s=EviwN_NLJmqZrYkJ5sTXsJCWlzaT2Kym3a-Ofuce5Ms&e= list the 9, 8 already being mentioned as GNSO and the other being Eric Osterweil.
Rubens Kuhl - RySG:(lists)
Keith Drazek (RySG):I generally support a standardized approach, provided one of the criteria for any group or position is relevant expertise, as appropriate.
Susan Kawaguchi:agree Keith
Amr Elsadr:Also agree.
James Bladel:Always. :)
Carlos Raul:<> it worked very well in the case of the use of
Carlos Raul:country and territory names
Carlos Raul:The CWG had to ask the community, and we got very good feedback
Cheryl Langdon-Orr (CLO):I'm biased on that Carlos But I tend to agree
Marika Konings:@Carlos - because there were very specific questions that were being asked in relation to an ongoing policy topic :-)
Carlos Raul:@CLO hope you don't feel we missed the purpose, but for the WG it's great
Cheryl Langdon-Orr (CLO)::-)
Carlos Raul:@Marika, if it is High interest, you better have specific question. I would not recommend one on Human Rights for example
Paul McGrady -IPC:I need to drop off very soon due to daughter's birthday party.
Donna Austin, RySG:thanks Susan, helpful info
Susan Kawaguchi:Happy Birthday
Carlos Raul:happy birthday Paul
Amr Elsadr:Happy b-day to her, Paul.
Paul McGrady -IPC:Thanks all!
Mary Wong:Note also that the two rotating times from this year have been retained for the proposed 2017 dates
Rafik:we rotate only between 2 time slots?
Paul McGrady -IPC:bye guys. Thanks all!

Rafik:UTC+9 , close to Donna, Heather, CLO I think
Donna Austin, RySG:@Rafik, I'm in LA :-)
Rafik:@Donna the other side :)
Mary Wong:1200 UTC is bad for US West Coast; 2100 UTC not great for much of Asia.
Rubens Kuhl - RySG:Both timezones work great in Brazil..
Philip Corwin:When is our next call?
Nathalie Peregrine:15 December 2016 at 12:00 UTC
Mary Wong:15 Dec
Cheryl Langdon-Orr (CLO):Thanks everyone talk again on the 15th
Donna Austin, RySG:4am Pacific
Michele Neylon:cya
Donna Austin, RySG:thanks James
Amr Elsadr:Thanks all. Bye.
Cheryl Langdon-Orr (CLO):Most of AU East Coast is UTC+11 atm in SUMmertime
James Bladel:Thanks all!
Julf Helsingius:Thanks!
Rubens Kuhl - RySG:Thansk @ll, bye!
