Paul Tattersfield: (06:57) Given the magnitude of the mistake the WG's expert made perhaps the GNSO could go back and publicly ask him to comment as a first step

Paul Tattersfield: (07:36) A big problem is some chairs align silence as either support or dissent depending on their predetermined agenda

Ariel Liang: (07:45) As a reminder to the remote participants for the open mic section -- If you want me to read out loud your question, start your sentence with <QUESTION> and end it with <QUESTION>. If you want me to read out loud your comment, start your sentence with a <COMMENT> and end it with <COMMENT>.

Paul Tattersfield: (07:51) <question>Please can I formally ask the GNSO to go back to Professor Swaine the International Law expert who wrote the report for the IGO/INGO working group and ask him to comment publicly on his report to the working group as I believe he made a material error as a matter of fact</question>

Paul Tattersfield: (07:51) If I can ask a question :)

Ariel Liang: (07:52) Hi Paul - yes noted your question

Paul Tattersfield: (07:52) Great thanks Ariel :)

Ariel Liang: (07:58) Hi Paul - we have alerted the Council Leadership about your question but we are running out of time. We will forward your question to the Council. Apologies for not being able to read out your question

Paul Tattersfield: (08:02) No worries Ariel, thank you for trying. It should save the council a lot of time :-)

Ariel Liang: (08:02) Thank you for your understanding Paul
