Rubens Kuhl: (13:45) Chat transcript with no emojis. (sadface)

Rubens Kuhl: (14:43) WHOIS, the serial killer of community hours

Jothan Frakes MERGE: (14:55) Thomas, great job

Greg Shatan: (15:02) <Question> To clarify, the Temporary Specification as discussed here includes the Appendixes but not the Annex? </Question>

Ariel Liang: (15:04) Greg, I have noted your question but it seems we are running out of time. I will note to the Council Leadership Team

Rubens Kuhl: (15:05) Greg, I believe the Annex is more for SOs and ACs to consider than for the WG to consider. That doesn't prevent WG members from bringing that to on-topic discussions, like the ones on Access and the pseudonymity mechanisms.

Ariel Liang: (15:06) Thanks everyone for your participation! The session is now adjourned
