

Chartered objectives for the Working Group:

Preamble: The Joint SO/AC Working Group on New gTLD Applicant Support shall evaluate and propose recommendations regarding specific support to new gTLD applicants in justified cases. The working group expects to identify suitable criteria for provision of such support, to identify suitable support forms and to identify potential providers of such support. However, there is no presumption that the outcome will imply any particular governing structure. Accordingly, if the recommendations indicate that the preferred solutions are of a voluntary nature, the criteria and other provisions arrived at in line with the objectives below will solely serve as advice to the parties concerned. The objectives are not listed in any priority order. An overall consideration is that the outcomes of the WG should not lead to delays of the New gTLD process.

Objective 1: To identify suitable criteria that new gTLD applicants must fulfill to qualify for dedicated support. The criteria may be different for different types of support identified in line with Objective 2 and 3 below.

Objective 2: To identify how the application fee can be reduced and/or subsidized to accommodate applicants that fulfill appropriate criteria to qualify for this benefit, in keeping with the principle of full cost recovery of the application process costs.

Objective 3: To identify what kinds of support (e.g. technical assistance, organizational assistance, financial assistance, fee reduction) and support timelines (e.g. support for the application period only, continuous support) are appropriate for new gTLD applicants fulfilling identified criteria.

Objective 4: To identify potential providers of the identified kinds of support as well as appropriate mechanisms to enable support provisioning.

Objective 5: To identify conditions and mechanisms required to minimize the risk of inappropriate access to support.

Resolved (2010.03.12.47), the Board requests stakeholders to work through their SOs and ACs, and form a Working Group to develop a sustainable approach to providing support to applicants requiring assistance in applying for and operating new gTLDs ."

In response to this resolution, on 1 April 2010 the GNSO Council adopted the following motion:

Motion to create a Joint SO/AC Working Group on New gTLD Applicant Support

Whereas, ICANN aims to ensure that the New gTLD Program is inclusive, along the lines of the organization's strategic objectives;

Whereas, numerous stakeholders have, on various occasions, expressed concern about the cost of applying and about the material requirements for new gTLDs, and suggested that these costs and material conditions might hinder applicants requiring assistance, especially those from developing regions, from cultural/linguistic groups and from non-profit groups such as philanthropies,

Whereas, on 13 March 2010, the ICANN Board adopted Resolution 20 (<http://www.icann.org/en/minutes/resolutions-12mar10-en.htm#20>) requesting that stakeholders work with their respective ACs and SOs to form a working group to provide a sustainable approach to providing support to applicants requiring assistance in applying for and operating new gTLDs;

Whereas, the GNSO Council desires to form a joint working group with other interested Supporting Organizations (SO's) and Advisory Committee (AC's) to fulfill this Board request, and to develop a sustainable approach to providing support to such new gTLD applicants, keeping in mind the GNSO Implementation guideline to recover the cost of new gTLD applications and on-going services to new gTLDs.

NOW THEREFORE, BE IT:

Resolved, that the GNSO Council supports the formation of a joint SO/AC working group to respond to the Board's request by developing a sustainable approach to providing support to new gTLD applicants requiring assistance in applying for and operating new gTLDs, keeping in mind the GNSO Implementation guideline to recover the cost of new gTLD applications and on-going services to new gTLDs, and the goal of not creating further delays to the new gTLD process;

Resolved further, that Rafik Dammak shall serve as the GNSO Council Liaison for this joint SO/AC working group;

Resolved further, that the GNSO Council Chair shall within 48 hours of this motion inform the Chairs of other SO's and the AC's of this action and encourage their participation;

Resolved further, that the staff support assigned to this working group shall within 48 hours after the support tools are arranged distribute an invitation for working group participants as widely as possible within the SO/AC community;

Resolved further, that the New gTLD Applicant Support WG shall initiate its activities within 28 days after the approval of this motion. Until such time as the WG can select a chair and that chair can be confirmed by the participating SO's and AC's, the GNSO Council Liaison shall act as interim co-chair with the liaison(s) from other SO's and AC's;

Resolved further, that the New gTLD Applicant Support WG shall as its first action items: i) elect a chair or co-chairs; ii) establish meeting times as needed; and iii) develop and propose a charter describing its tasks and schedule of deliverables for approval by the participating SO's and AC's.

Resolved further, that the New gTLD Applicant Support WG shall deliver its initial recommendation for community comment in time for discussion at the Brussels ICANN meeting."
