Dear Jonathan,

The deadline for responses to the URS RFI has passed and I'm happy to inform you that we have received several responses which we are now evaluating. Moreover, my first impression is that the situation looks quite promising, both in terms of adherence to the URS text and regarding the target fee. This also means that there is less of an urgency than I previously thought to convene a drafting team (and I'm glad to have been proven wrong in that regard!). There may still be details where such a drafting team can provide useful guidance and I will get back to you with further updates on this and other URS matters as we advance with the evaluations.

Very best regards

Olof
