Volker Greimann: hello Glen, hello Lars
Glen de Saint Gery: Hi Volker, welcome
Volker Greimann: is it possible to enable microphones in the adobe session or should I dial in?
Marika Konings: Hi Volker, I don't think audio via AC is enabled for this meeting so you should probably dial in.

Glen de Saint Gery: Please dial in, details will be resent to list
Volker Greimann: ok, thank you, I will
Volker Greimann: I still have the mail
Jonathan Robinson: Hello to the early birds!
Joy: hi jonathan and all
Glen de Saint Gery: Please join the audio bridge everyone!
Magaly Pazello: Hello everyone!

Maria Farrell: (-)
wseltzer: (apologies, my adobe keeps crashing)
Jonathan Robinson: Liaison to SCI. Any volunteers?
wseltzer: How can we vote on the charter if the decision-making isn't resolved?
Wolf Knoben: Default voting is on full consensus
wseltzer: what's stopping us from closing that item now?
Marika Konings: I've added some language in bold / brackets that aims to convey Alan's point.
Marika Konings: Alan, does that work?
Brian Winterfeldt: Thank you Marika.
Alan Greenberg: Sorry, was away from computer. Yes, that is fine. I thought that it was just the high priority items, but if it was both high and medium, then that is what the motion should reflect.
Marika Konings: Please note that the motion / documents deadline for the GNSO Council meeting in BA is 10 November.
Maria Farrell: ah, I see. thanks, jonathan.
wseltzer: such is the fate of plans...
Maria Farrell: thanks, marika. that's very helpful.
Alan Greenberg: Note that the IGO/INGO Comment Period ends TOMORROW and not today.
John Berard: I would prefer to get a sense of the hurdles presented by the areas where there is divergence
Mary Wong: John, we are preparing a new chart that will group the recs by level of consensus; hopefully that will help.
Maria Farrell: I favour the council meeting the atrt2, and maybe identifying some specific issues to discuss beforehand
Maria Farrell: yes indeed, I will share ideas on the list
Joy: Jonathan, my apologies, I need to leave the meeting
Joy: Thanks Jonathan, Glen and all the staff for your work for the meeting.
