Dear Sirs,

I am writing on behalf to the GNSO council with a request for travel funding for all GNSO council members for all future ICANN meetings. While this issue originally came up in regard to an urgent need for the New Delhi meeting which has been partially resolved, it remains an issue of concern in the GNSO council. A majority of those in the council have voted to request that all GNSO council members receive the same consideration for their travel expenses as is received by Members of the ICANN Board.

The GNSO council appreciates your prompt consideration of this request. We look forward to receiving a response to this request as soon as possible.

Thank you,

Avri Doria
Chair, GNSO Council
