

Statement of Participation

As a member of the Transfer Policy Review Working Group:

- I agree to genuinely cooperate with fellow members of the Working Group to reach consensus on the issues outlined in the Charter. I understand this does not mean that I am unable to fully represent the views of myself or the organization I represent but rather, where there are areas of disagreement, I will commit to work with others to reach a compromise position to the extent that I am able to do so;
- I acknowledge the remit of the GNSO to develop consensus policies for generic top level domains. As such, I will abide by the recommended working methods and rules of engagement as outlined in the Charter, particularly as it relates to designating consensus and other relevant rules in [GNSO Working Group Guidelines \[gnso.icann.org\]](https://www.icann.org/resources/documents/policy-recommendation/gnso-working-group-guidelines-2014-09-01-en);
- I will treat all members of the Working Group with civility both face-to-face and online, and I will be respectful of their time and commitment to this effort. I will act in a reasonable, objective, and informed manner during my participation in this Working Group and will not disrupt the work of the Working Group in bad faith;
- I will make best efforts to regularly attend all scheduled meetings and send apologies in advance when I am unable to attend. I will take assignments allocated to me during the course of the Working Group seriously and complete these within the requested timeframe. As and when appropriate I shall seek to be replaced by my designated Alternate in accordance with the wishes of my appointing organization;
- I agree to act in accordance with [ICANN Expected Standards of Behavior](https://www.icann.org/resources/documents/policy-recommendation/icann-expected-standards-of-behavior-2014-09-01-en), particularly as they relate to:
 - Acting in accordance with, and in the spirit of, ICANN's mission and core values as provided in [ICANN's Bylaws](https://www.icann.org/resources/documents/policy-recommendation/icann-bylaws-2014-09-01-en);
 - Listening to the views of all stakeholders and working to build consensus; and
 - Promoting ethical and responsible behavior;
- I agree to adhere to any applicable conflict of interest policies and the Statement of Interest (SOI) Policy within the [GNSO Operating Procedures \[gnso.icann.org\]](https://www.icann.org/resources/documents/policy-recommendation/gnso-operating-procedures-2014-09-01-en), especially as it relates to the completeness, accuracy, and timeliness of the initial completion and maintenance of my SOI; and
- I agree to adhere to the [ICANN Community Anti-Harassment Policy and Terms of Participation and Complaint Procedures](https://www.icann.org/resources/documents/policy-recommendation/icann-community-anti-harassment-policy-and-terms-of-participation-and-complaint-procedures-2014-09-01-en).

I acknowledge and accept that this Statement of Participation, including ICANN's Expected Standards of Behavior, is enforceable and any individual serving in a Chair role (such as Chair, Co-Chair, or Acting Chair or Acting Co-Chair) of the Working Group and GNSO Council Leadership Team have the authority to restrict my participation in the Working Group in the event of non-compliance with any of the above.
