

SSAD Supplemental Recommendations Team Statement of Good Faith Participation

As a member of the SSAD Supplemental Recommendations Team, I agree to abide by the following Statement of Good Faith Participation.

I understand SSAD Supplemental Recommendations Team Leadership, in consultation with GNSO Council Leadership, has the authority to restrict my participation in the SSAD Supplemental Recommendations Team in the event that they determine that I am not contributing to the effort in line with the below agreements.

As an SSAD Supplemental Recommendations Team Member:

1. I agree to abide by the [ICANN Expected Standards of Behavior](#);
2. I agree to constructively cooperate with fellow members of the SSAD Supplemental Recommendations Team to reach consensus on the issues outlined in the SSAD Supplemental Recommendation Team [Assignment Form](#). I understand this does not mean that I am unable to fully represent the views of my appointing organization but rather, where there are areas of disagreement, I will commit to work with others to reach a compromise position to the extent that I am able to do so;
3. I agree to treat my fellow team members with civility both face-to-face and online, and I will actively listen and try to understand various points of view;
4. I understand that those who take part in the ICANN Multistakeholder process must take responsibility for ensuring the success of the model by trying to build consensus with other participants, and I commit to refrain from purposefully disrupting or obstructing the work of the SSAD Supplemental Recommendations Team;
5. I will make best efforts to regularly attend all scheduled meetings and send apologies in advance when I am unable to attend. I will take assignments allocated to me during the course of the SSAD Supplemental Recommendations Team seriously and complete these within the requested timeframe;
6. I understand, from the GNSO Council's ongoing dialogue with the ICANN Board, that the goal of the SSAD Supplemental Recommendations Team is to produce Supplemental Recommendations, which modify the existing SSAD recommendations within the bounds described by the Assignment Form, to ensure they they can be adopted by the Board. I commit to work with the SSAD Supplemental Recommendations Team in good faith to achieve this goal.
